MEMORANDUM FOR: TCO, Central Intelligence Agency

SUBJECT: Final ARC Target Lists

1. Final machine listings of the Ad Hoc Requirement Committee's Targets arranged in the following order are being transmitted under separate cover:

- a. TS No. 159009 (Part I) - Alphabetically by City
- b. TS No. 159009 (Part II) - Geographically by Coordinates
- c. TS No. 159009 (Part III) - Alphabetically by City within WAC Chart

2. The following lists issued previously under the TS Nos. indicated have been combined into each of the above arrangements and are identified in the column headed "PRI" as follows:

- V - Highest Priority Targets, Western USSR - TS No. 164204
- W - Highest Priority Targets, Far East - TS No. 164205
- X - Highest Priority Targets, European Satellites (Part A) - TS No. 159001
- Y - Highest Priority Targets, European Satellites (Part B) - TS No. 159001
- Z - Priority Targets: Two drafts; e.g.; TS No. 159004 and TS No. 159006
- Z1 - Priority 1
- Z2 - Priority 2
- Z3 - Priority 3

All targets preceded by an asterisk (\*) are considered to be Selected Highest Priority Targets.

3. Since these listings with their multiple arrangements are fairly large and to reproduce them in quantity would be a fairly expensive and time-consuming task, only one (1) copy is being sent to each member of the ARC. As required, additional copies of all or any part may be ordered by phone from [redacted]

4. It should be noted that the machine listings are classified TOP SECRET and are not handled in the TALENT Control System in accordance with a recent ARC decision.
